Vision
Mission
Quality Policy
Objectives of the Institute

Vision

To emerge as a synonym of quality, excellence, and commitment in the field of engineering education by unlocking potential, nurturing talent and transforming young minds to create future-ready engineers.

Mission

- To provide students with a thorough knowledge of engineering to refine their professional skills.
- To nurture creativity and innovation while encouraging multidisciplinary interaction.
- To train students to be industry ready and capable of working effectively as an individual and in teams.
- To inculcate ethical behaviour, responsibility, and commitment among students.

Quality Policy

- To conform to the requirements of regulatory authorities viz; All India Council for Technical Education (AICTE), Directorate of Technical Education (DTE) and UoM.
- To maintain transparency and fair practices in admission and recruitment processes.
- To ensure continuous evaluation and examination process.
- To ensure best academic ambience by providing high-end equipments in the laboratories, computers, learning resources and smart classrooms.
- To ensure a safe and secure environment for all stakeholders.
- To promote industry Institute interaction, research and development, placements, technical, co-curricular and extracurricular activities.

Objectives of the Institute

- To focus on persistent improvement in processes related to teaching, learning, and evaluation and to promote a culture of research and development among staff and students.
- To develop technical and interpersonal skills so that the students translate knowledge into action contributing to the benefit of the society.
- To enhance the learning experience of students by honing versatility through diverse activities.

Basic Science & Humanities

Vision

Department of Basic Sciences & Humanities tries to inculcate the knowledge of dynamic combination of science, technology and humanities by nurturing the basic technical skill-sets and honing professional decorum

Mission

- To promote ethical values and social responsibility through novel learning techniques in basic sciences and humanities.
- To improve logical thinking of students for knowing scientific truth, solving problems, and making good decisions.
 - To develop ethical sensibilities through value based education

The Department of **Basic Science and Humanities** started in the year 2001 as the First Year Engineering Department. The Department of Basic Science and Humanities endeavors to accomplish the objectives concerned with the Engineering courses. It aims to widen intellectual perspectives and promotes social responsibility through an innovative learning process while making the students industry ready. The department has an intake of 360 students with four branches in engineering—

- *Computer Engineering,*
- *Artificial Intelligence & Data Science*
- *Electronics & Telecommunication Engineering,*
- *Information Technology.*

A MESSAGE BY BS&H HEAD: DR. HARSHA MISHRA

The BS&H Department seeks to apply the blending principles of Humanities & Sciences for evolving technologies that aid Human Development and conservation of the environment. Accordingly, the experienced faculty & staff endeavors to mould its students into professionally excellent engineers, imbued with a sense of responsibility and sensitivity towards the environment. The department strives to provide students with state of the art engineering education with a strong foundation of values. The department aspires to provide an ecosystem which nurtures innovation and creativity, and fosters interdisciplinary studies.

I extend best wishes to the stakeholders and a rewarding experience in the department of Basic Sciences & Humanities !

Dr. Harsha Mishra
Head of BS&H

BASIC SCIENCE & HUMANITIES IN HALL OF FAME

Prof. Nalini Kumthekar, Institute Coordinator was Felicitated with the Prestigious “The Pillar of Hindustani Society” Award on 25th February, 2020

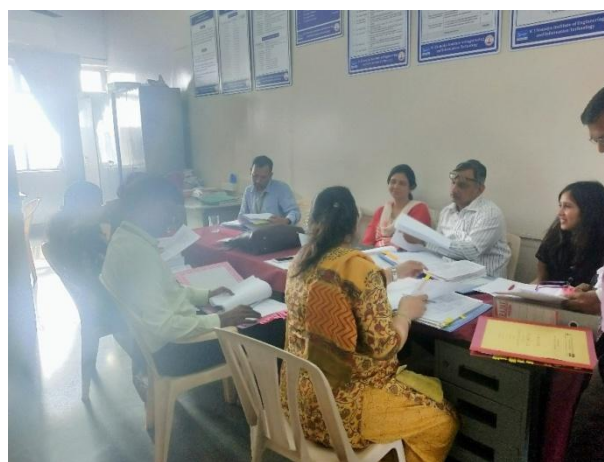

Prof. Nalini Kumthekar, one of the most senior faculty members with 70 yrs. of teaching experience was felicitated with the prestigious "The Pillar of Hindustani Society " by the Trans Asian Chamber of Commerce & Industry at the hands of Lutfor Rehman, Deputy High Commissioner of Bangladesh on 25th Feb, 2020.

Tech Dais Lecture on 'IET- BS&H Organized Soft-skills for Fast Track Career' on 7th Feb, 2020

The Institution of Engineering & Technology (IET), Mumbai LN & Department of Basic Science & Humanities (BS&H) organized an Expert Talk on '**Soft-skills for Fast Track Career**' on **7th Feb, 2020** at 11.00-1.10 PM. The guest speaker was **Mr. Vivek Jain**, International Meta Mind Management Behavior Trainer. There were 250 First Year students who attended the expert talk.

The motivational talk was organized in the direction of creating placement awareness in FE students. The expert speaker emphasized the importance of 5 vital values for acquiring corporate competency: (1) Communication Skills (2) Professional Values (3) Mutual Respect for Authorities (4) Decision Making (5) Importance of Listening.

There were IET speakers who provided an inspirational overview of its nature and scope. The IET panel of speakers included—Mr. Pravin Patil, Chairman—IET Mumbai LN. Mr Ranjan Chaubey, Member, IET, Mumbai LN. Mr. Vikrant Sankhe, Fellow IET, Marketing & Strategy Had, Siemens. Mr. Jay Bhanushali, CEO-Digital Co.

The event was coordinated by Dr. Vaishali Gaikwad (IT Department) & Dr. Vrushali Deole (BS&H Department).

“National Science Day” Celebrated on 27th February, 2020

National Science Day was celebrated on 27th February, 2020 in the Institute. The event was organized by Department of Basic Sciences and Humanities in association with American Chemical Society (ACS) ACS-student chapter and IIC for the FE students of KJSIET in the auditorium. The program was inaugurated by Dr. B. N. Jagatap (Professor, IT Bombay), Principal Dr Suresh Ukarande, Vice-Principal Dr. Sunita Patil, Co-ordinator Prof. Nalini

Kumthekar at 10.00 am in the auditorium. Dr Harsha Mishra, Head BS&H dept., briefed the introduction of Dr. B. N Jagatap and Prof Nalini Kumthekar.

Dr. B. N. Jagatap was the expert speaker for the National Science Day celebration. The students were honored to have the eminent Prof. (Dr.) B.N. Jagatap (Professor in Physics, IIT, Bombay) for the seminar on the topic “*Advance in Science and Technology: What matters to India Today?*”. Miss Hardee Khambala (FE Div A) anchored the event as well as presented a brief introduction of Dr. C.V. Raman for his contribution to science.

Dr. Suresh Ukarande, Principal of KJSIEIT, felicitated the eminent guest Prof. (Dr.) B. N. Jagatap as well as felicitated Prof Kumthekar for her remarkable contribution in the field of education with Somaiya Vidyavihar Trust. FE toppers were felicitated by the guest speaker for their academic excellence in the academic year 2018-19 and 2019-20. He also felicitated winners of debate and slogan competition.

Topic: *Advance in Science and Technology: What matters to India Today?*

Objectives: To create awareness on the contributions of scientific revolutions as well as to provide rationale of significant contributions of Dr. C.V. Raman to Science.

Outcomes: It resulted in students gaining valuable insights to innovate with new experiments, attract them to science, and make them aware of science and scientific achievements.

Date /duration: 27th February, 2020 for 1 Hrs. 30 minutes

Speaker Details: Dr. B. N. Jagatap (Professor Physics, IIT Bombay),

The following FE students were felicitated for their academic achievements:

Dr. Jagatap on the topic of “*Advance in Science and Technology: What matters to India Today?*” He emphasized on science and its contribution to the society. He voiced his displeasure for the current education system which forces students to separate their path from sciences and engineering as they decide on the other. He emphasized how engineers through active participation in sciences can work for the betterment in the fields of society and research. Some of the hybrid branches, he stated, require knowledge of both domains to create a solution. He explained how engineers can help in maintaining economics of India by adopting the proper research projects. He inspired the students to take up projects on these topics that work in conjunction with all the fields of science to help the sort out the social issues. The discussion was then made open to questions from the audience. The seminar was coordinated by Dr. Harsha Mishra and ACS faculty members Dr. Namrata Ansari (Convenor) and Dr. Shahin Pathan and IIC Head Dr. Radhika Kotecha.

New Leap Initiative “SOMAIYA SPACE CONCLAVE 2020” ON 28TH FEBRUARY, 2020

As a first of its kind in Indian colleges, with a vision for enabling knowledge-sharing among different student and amateur satellite teams in and around India and inspiring upcoming generation of satellite and payload makers, New Leap Initiative (NLI) in association with KJSIEIT-ISTE students Chapter organized “**Somaiya Space Conclave**” on the **28th of February 2020** at our institute starting at **9.00 AM IST and ending at 5.40 PM**.

The conclave aimed to become a platform for bringing together, space-tech enthusiasts, maker community, industry and authorities to share the ideas and issues. This was the first edition of this event, which we aim to make a flagship yearly event, attracting attendants from around the country.

The conclave was inaugurated with auspicious hand of Dr. Rajshekar Pillai, Vice Chancellor, Somaiya Vidyavihar University. The Principal of the Institute Dr. Suresh K. Ukarande welcomed the guests from from ISRO, Mr. S. A. Kannan, Coordinator, Students Satellite Programme and Mr. Rajeev Senan C, Associate Director, ISRO HQ.

It was attended by various space enthusiastic groups all over Maharashtra including our students from the New Leap Initiative team. Current and upcoming student satellite teams from different institutes along with many individual satellite makers and professionals from space-tech industry attended the conclave. Esteemed speakers delivered their talk on several current topics in the space-tech industry.

Mr. Rajeev Senan C, Associate Director, ISRO-HQ discussed about various opportunities For Space-Tech Enthusiasts and Makers in PS-4 Orbital Platform Program, Mr. Kannan S A,

Coordinator, Student Satellite Program, URSC-ISRO gave a talk on broad view about design and development of nanosatellite, Mr. Farhan Ashar, Co-Founder, Exseed Space Innovations Pvt. Ltd Hyderabad delivered talk on various aspects important for design of nanosatellite and important requirements to work in space technology. IIT Bombay Student Satellite Team discussed their experience in making of their nanosatellite. Mr. Rajesh Vagadia, Regional Coordinator, AmSat-India gave a talk on Amateur Radio satellite activities in India.

**Debate & Slogan Competition by Institution's Innovation Council – (IIC-Cell) Jointly
Organized by Department of Basic Science & Humanities**

The Institution's Innovation Council – (IIC-Cell) in association with Department of Basic Science & Humanities Organized **Debate and Slogan Competition** from **25th-27th February, 2020**. The topics were related to ‘Science & Technology’ and covered broad spectrum of topics such as:

1. Can (Artificial Intelligence) AI Replace Teachers, Doctors & Homemakers?
2. Is Technology producing a generation of copy-cats/lazy generation?
3. Technology Solves one Problem but Creates Another
4. What is Meritorious: Innovation or Invention?
5. Future of Robots/Robotics.

Winners of Debate Competition:

2.	Ms. GauriSakpal	FE E-37
2	Master Abhishek Mishra	FE D-9
3	Master AarnavMarathe	FE B-31

Parent-Teacher Meet (PTM) On 29th February, 2020

The Department of Basic Science and Humanities organized its Parent-Teacher Meet on **29th February, 2020** from 11. 30 am onwards. The PTM was conducted for addressing the various aspects related to the first-year students. The Head, Dr. Harsha Mishra conducted an interactive session with around 49 parents/guardians of the first-year students. The objective of the PTM session was to inform the parents about their ward's attendance and term test-1 results. The one-to-one talk by proctors and was held successfully.

First Year Proctor System in 2019-2020: Semester II

The Department of Basic Science & Humanities conducted a proctor meeting in the month of February, 2020. The Mentor System comprising of –**First Year Department Faculty, Higher semester Department (core branch) Faculty, a Student Mentor from the academic session 2019-20.**

In this direction, all the First Year Faculty/Proctors conducted a meeting with the First-Year students in **Feb, 2020**. The following points commonly in discussion are as follows:

1. The students were encouraged to discuss issues related to academics.
2. The intimation for 75% attendance was provided. The students were apprised of the policy of failure to comply with attendance that will result into lack of permission for the Internal Term Test on 17th, 18th& 20th Feb, 2020.
3. Students were encouraged to participate in the ICAST conference/publish papers etc.
4. Participation proof in form of certificate to be provided to the proctors
5. A brief review of various committees and the importance of participation was discussed in detail.
6. It was decided to form a WhatsApp group with students and few parents for the academic/curricular aspects.

Orientation Programme of Professional Communication & Ethics (PCE, FE Sem- II) organized on 7th February, 2020

Objective of the Orientation Programme

Feedback communicates those strategies used in teaching Communication Skills vary widely among, and within the teaching fraternity. This Orientation Programme was aimed at bringing uniformity in the teaching methodologies of Communication Skills of FE Sem II at the University level. It further endeavored to discuss and decide certain guidelines for the University question paper setters of the subject to avoid ambiguities.

Syllabus Revision Committee:

Prof. Shridevi Nair (MGM's College of Engineering and Technology, Kamothe, Navi Mumbai), Dr. Arpita Palchoudhury (RAIT, Navi Mumbai), Dr. Vaishali K. Ghadyalji (K.J. Somaiya Institute of Engineering & Information Technology, Sion, Mumbai), Dr. Chumki Biswas (Thadomal Shahani Engineering College, Bandra (W), Mumbai), and Dr. Ramkisan Bhise, (SIES, Navi Mumbai) were the member of the committee. Registrations for the programme began at 1.30 pm and the total no. of participants was 63.

Inauguration:

The inauguration function was conducted from 2.00 pm to 2.15 pm. Dr. Suresh Ukarande, Principal, KJSIEIT and Associate Dean of the Faculty of Science & Technology graced the occasion as a Chief Guest and Dr. Harsha Mishra, Head, Dept. of B.S.&H., KJSIEIT were the other dignitaries present on the dais.

Somaiya prayer being recited

Dr. Vaishali K. Ghadyalji, Convener, provided a brief overview of the new syllabus and also put forward the highlights of the Orientation Programme. Dr. Ukarande stressed upon the need of the subject of Communication Skills to the engineering students and also appealed the CS faculty to prepare the students for better placements.

Dr. Ukarande while addressing the Faculty The syllabus revision committee

Session:

The Syllabus Revision Committee members elaborated on the various aspects of the revised syllabus in a session conducted from 2.15-4.00 pm. Dr. Vaishali Ghadyalji, put forth the guidelines for the theory paper setters of PCE-I. Dr. Arpita Palchoudhury explained how to conduct activities and assignments in the practical sessions. Dr. Chumki Biswas clarified on certain new additions in the syllabus such as Postulates/Hallmarks of communication, vocabulary, clues of non-verbal communication, etc.

Handouts related to the same were distributed to the attendees.

The programme ended with a vote of thanks proposed by Dr. Ramkisan Bhise. Tea & snacks were served to all participants and certificates of participation were distributed.

Man vs. Machines—a Dual Teaching Challenge—National Level Webinar organized 4th & 5th June 2020

The Department of Basic Sciences & Humanities of K.J. Somaiya Institute of Engineering & I.T., Sion, Mumbai-22 organized Two Days Interdisciplinary National webinar on “***Man vs. Machines- A Dual Teaching Challenge***” for faculty/academic practitioners of various institutions/colleges/universities on 4th & 5th June 2020 from 4.00-5.00 pm. The event witnessed 236 participants from all over nation.

Objectives of the Webinar: To encourage the teachers’ confidence and help them to adapt to the challenging teaching environment in the current digital era. & to contribute to more effective and productive teaching practices.

Topics of the webinar: 1) Emotional Intelligence for Teachers (4 June 2020) & 2) Role of Teachers in inculcating Human Values in Digital Era (5 June 2020)

Resource Person: Prof. A. Felix --M. Sc., M. Phil., M. Ed., M. Phil., B. Ph., HDCA., PGDHET., M.A., M. Sc. Academic Director and IQAC Coordinator, Immaculate College for Women, Viriyur- 606 402, Sangarapuram, Tamil Nadu.

The inauguration function was conducted from 3.45 pm to 4.00 pm. Dr. Vaishali K. Ghadyalji, Co-ordinator of the webinar, gave a brief introduction of KJSIEIT and also elucidated the theme of the same. Dr. Suresh Ukarande, Principal, KJSIEIT and Associate Dean of the Faculty of Science & Technology and Dr. Sunita Patil, Vice Principal, KJSIEIT graced the occasion with their presence. Dr. Harsha Mishra, Convener and Head, Dept. of B.S.&H., KJSIEIT explained the rationale behind organizing this webinar. Dr. Sunita Patil put forward her views regarding the new ways of learning through artificial intelligence. Looking at the theme of the Webinar “Man Vs. Machines,” Dr. Suresh Ukarande made a relevant mention of the old bollywood movie “*Naya Daur*” which he said was set in a different context, and spoke about the human and artificial intelligence.

Session I (4 June 2020):

The topic scheduled for Day 1 was “Emotional Intelligence for Teachers”. Prof. Felix started with the theme of the webinar “Man vs. Machines” in which he focused on divine and human Intelligence. He said that Machines are a part of our lives and are helpful in several ways but we cannot ignore the negative impact they have on our lives. In no way machines can replace human brain and man can never replace God.

Speaking about the emotional intelligence, he said that EQ is required for the performer to remain stable always and to continue with his/her performance at the same level or to increase it steadily. He also explained how to develop emotional intelligence in teaching practices.

Session II (5 June 2020):

The topic scheduled for Day 2 was “Role of Teachers in Inculcating Human Values in Digital Era”. He elucidated on creating positive values in the educational institutions and process of value inculcation. He said that we must watch our words, actions, thoughts, character and heart while dealing with the students and trying to a role model for them. Children with ethics and values will create a society free of social evils and crimes.

Both the days, there was a dedicated Question & Answer session of 10 minutes scheduled where Prof. Felix satisfactorily answered the questions of the participants. The programme ended with a vote of thanks proposed by Dr. Vaishali K. Ghadyalji.

Screenshots of Participants of the Webinar

Outcome of the webinar:

This webinar was extremely helpful to teachers in honing their emotional intelligence while working endlessly to foster the moral characteristics of students.

E - certificates were issued to the participants after attending both the sessions of the webinar and successfully submitting the online feedback form.

AMERICAN CHEMICAL SOCIETY

National Level Online Quiz on Nanotechnology organized on 22nd June 2020

A National level online quiz competition on Nanotechnology was organised by ACS Students Chapter in association with Department of Basic Sciences & Humanities on 22nd June, 2020 for all faculties/students of various departments and Institutes.

Objectives:

1. To impart fundamental knowledge of Nanoscience and related fields.
2. To make the participants acquire an understanding of Applications of Nanotechnology.

Outcomes: Nanotechnology is a field of research and innovation concerned with building 'things' - generally, materials and devices - on the scale of atoms and molecules. A nanometre is one-billionth of a metre: ten times the diameter of a hydrogen atom. At such scales, the ordinary rules of physics and chemistry no longer apply. For instance, materials' characteristics, such as their colour, strength, conductivity and reactivity, can differ substantially between the nanoscale and the macro. Due to these advantages' nanotechnology has huge potential in various fields of science and technology. Nanotechnology is helping to considerably improve, even revolutionize many technologies in industrial sectors. Hence this quiz provided good platform to get insight into the field of nanotechnology.

List of R&D, Consultancy Project undertaken by Faculty

Sr. No	Project Title	Faculty & Students with class(SE/TE/BE)	Project Description (1 para with expected outcomes)	In collaboration with (In-house/outside organization)	Area/Domain (Healthcare, agriculture, societal, need based, etc)	Status
1.	Upper Air Sounding System	Dr. Suresh K. Ukarande, Dr. Umesh Shinde And Students from FE, SE, TE and BE	Databyte Services and Systems (DSS) was the Technical Expert for one of the Development Agencies selected by the Ministry of Defence (Navy) for design of Upper Air Sounding System under Make in India. This was based on past experience and domain knowledge of DSS in Meteorological	Databyte Services& System (In-house)	For Indian Navy	Ongoing

			<p>Systems. Mr Vishram Bapat, Director, DSS who is also on the Research Advisory Committee of KJSIEIT, approached Principal, KJSIEIT to collaborate for this initiative. This was in view of an existing MoU between DSS and KJSIEIT for collaboration in R&D activities.</p> <p>Meteorological parameters using Radiosondes consisting of inbuilt Meteorological sensors viz. Temperature, Humidity, Pressure, and GPS along with transmitters. The Radiosonde, when attached to a balloon filled with hydrogen and released, is required to undertake measurements at various levels till a minimum height of 40,000 ft. The project involves the development, testing and deployment of Radiosondes compatible with already operational ground stations developed by SAMEER and thus constitute an operational UASS.</p>			
2.	Weather Prediction Model	Dr. Suresh K. Ukarande, Dr. Umesh Shinde and Students from FE, SE, TE and BE	Rainfall prediction is a beneficial but challenging task. Data mining techniques have the ability to predict the rainfall by extracting and using the hidden knowledge from past weather	RMC Mumbai (In-house)	Agriculture	Ongoing

			<p>data. In the last decade, many researchers have worked to increase the accuracy of rainfall prediction by optimizing and integrating data mining techniques. Various models and techniques are available today for effective rainfall prediction but still there was a lack of a compact literature review and systematic mapping study which could reflect the current problems, proposed solutions and the latest trends in this domain. This research provided a comprehensive systematic mapping as well as the critical review of latest research from 2013 till 2017 in the area of rainfall prediction by focusing on data mining techniques.</p>			
3.	Farmers Wallet	Dr. Suresh K. Ukarande, Dr. Umesh Shinde and Students from FE, SE, TE, BE and SVV Team	<p>Mobile Application for farmer which can facilitate a two way communication between farmer and IMD experts. Develop the model using historical data and Integrate model with the farmers wallet app. We get the feedback from the live. This feedback will be compared with the results of our model (trends). Once found accuracy we compare data from IMD and Feedbacks.</p>	RMC Mumbai (In-house)	Agriculture	Ongoing

			This will help us to show accurate temperature and rainfall in your cell phone.			
4	Development of Pocket Qube Standard Pico-satellite Bus and Deployer	Dr. Umesh Shinde and New Leap Initiative Team	A lightweight, inexpensive and easily modifiable PocketQube deployer (SomaiyaPod) as an alternative to AlbaPod and Picobus which are either directly expensive to procure from makers or are heavier with lower 'payload mass to deployer mass ratio' and are thus indirectly expensive to launch. A 2P PocketQube standard Satellite, BeliefSat for tech demonstration of an innovative structural design technique, power generation and management subsystem and command and data handling sub-system developed into a standard bus.	ISRO (In-house)	Societal	Ongoing
