Dr. Radhika Kotecha, Head of Department

Dr. Vaishali Gaikwad, Assistant Professor

Ms. Snehal Mandavkar, Student - 4th Year

Mr. Meet Kotak, Student - 4th Year

Vision of Department

To be recognized as a centre of excellence in the field of Information Technology where inquisitive minds of students are fostered, leading to skilled professionals and contributing citizens.

Mission of the Department

- To produce industry-ready engineers by imparting quality education and enhancing their proficiency with strong engineering foundation and in-depth knowledge of Information Technology.
- To encourage curiosity, creativity, innovative thinking, culture of continuous learning, and multidisciplinary activities for developing state-of-the-art solutions to real-world problems.
- To serve humanity by creating socially responsible citizens with high ethical values who can communicate effectively and work independently or in groups.

Program Educational Objectives (PEOs)

- Program Graduates will be able to apply knowledge of engineering fundamentals and cutting-edge Information Technology to identify and implement innovative solutions for engineering problems and issues in society.
- Graduates will be able to exhibit their employability skills and practice the ethics of their profession with a sense of social responsibility.
- Graduates will have strong interpersonal skills and will engage in life-long learning to enhance their career positions, both as team members and leaders.Objectives (PEOs).

Program Specific Outcomes (PSOs)

- Graduates will be able to apply standard software engineering practices in real-world project development to deliver efficient, secure and novel solutions.
- Graduates will be able to apply the contemporary trends in Information Technology like Internet of Things and Data Science in diverse application areas.

Departmental Activities

- Department of Information Technology organized Short Term Training Programme (STTP) on “Leveraging Artificial Intelligence and Data Analytics for Healthcare” Sponsored by AICTE under AQIS 2019-20 (Slot-II) from January 4 - 9, 2021. The objective of this STTP is to impart knowledge of leveraging AI and Data Analytics for developing healthcare solutions by providing hands-on experience in designing, analyzing, and performing real-life experimentation on clinical data.

Introduction

- Difference between correlation and causation
 - Correlation: How Y changes with T change, causation: did Y change due to T?

- How do we estimate a causal effect?
 - If Y changes if T present, but does not when T absent
 - Randomize controlled trials (e.g. A/B tests)
 - Can be generalized: 'Treatment' A versus B versus ...
 - Everything else (X's) being held the same/ comparable:
 - Age, demographics, income, etc.

Note: (Almost) all machine learning involves perfect correlation only, for now!

Departmental Activities

- Department of Information Technology organized Students' Seminar Series on "State-of-the-art in Information Technology" from April 20 to May 03, 2021 for all students of department. Objective of this activity was to strengthen teamwork and coordination, improve presentation skills and communication skills, as well as add knowledge on recent technologies.

Glimpse of a Seminar Presentation by Students

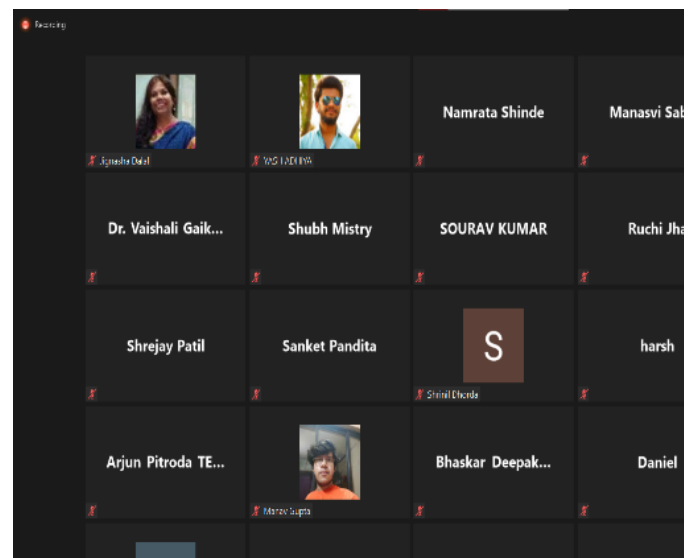

Departmental Activities

- Department of Information Technology in association with The Cyber Security and Research Cell of K. J. Somaiya Institute of Engineering and Information Technology (KJSIEIT) organized a Seminar on “Innovations in Cyber Security” on April 15, 2021 with Mr. Aadarsh Kant, Cyber Forensics Investigator and Penetration Tester as the speaker. Students were able to know about cyber security, common cyber threats, rise in cyber-attack and training students how to detect ransomware attack, analysing it, reducing the risk and preventing it.

Glimpse of Seminar on “Innovation in Cyber Security”

Types Of Cyber Security Threat

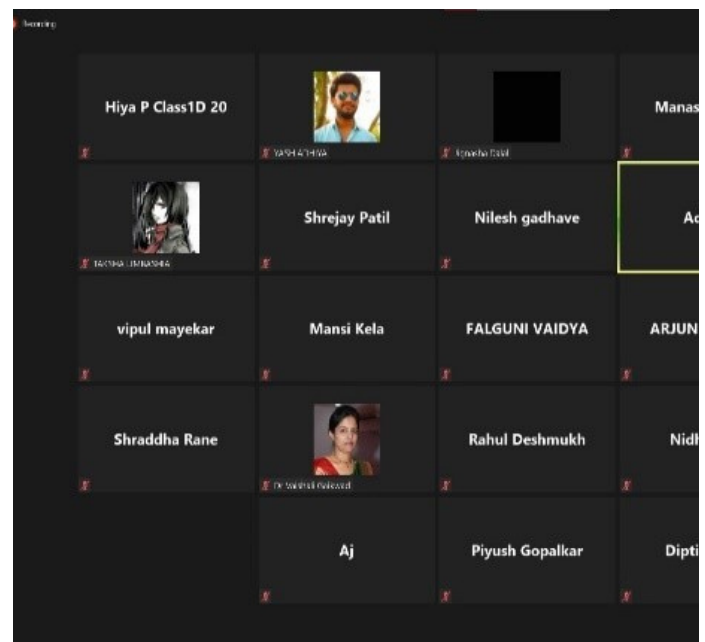

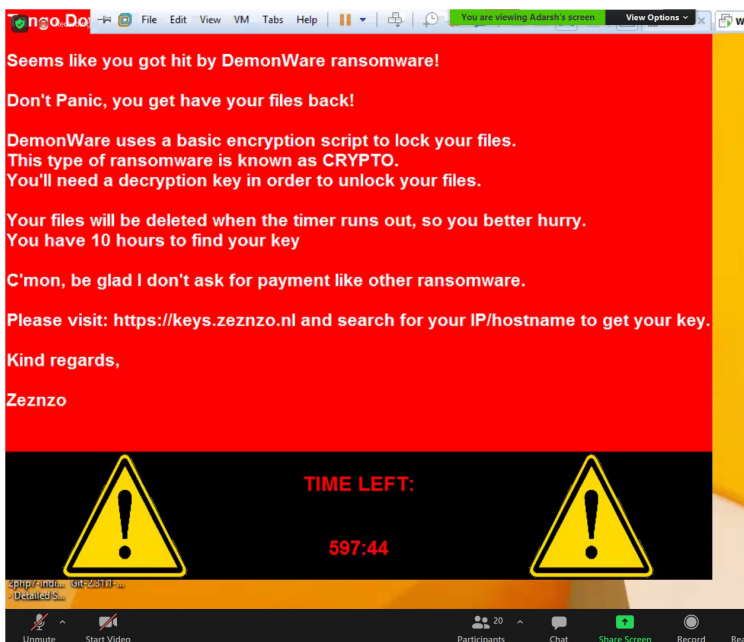

- **Ransomware** is a type of malware that involves an attacker locking the victim's computer system files -- typically through encryption -- and demanding a payment to decrypt and unlock them.
- **Malware** is any file or program used to harm a computer user, such as worms, computer viruses, Trojan horses and spyware.
- **Social Engineering** is an attack that relies on human interaction to trick users into breaking security procedures in order to gain sensitive information that is typically protected.
- **Phishing** is a form of fraud where fraudulent emails are sent that resemble emails from reputable sources; however, the intention of these emails is to steal sensitive data, such as credit card or login information.
- **Spoofing** is an attack when an attacker tries to copy Victims Identity and tries to cause harm or to steal something with his identity.

Departmental Activities

- Department of Information Technology in association with The Cyber Security and Research Cell of K. J. Somaiya Institute of Engineering and Information Technology (KJSIEIT) organized a workshop on "Cyberware Attacks & Its Mitigation" on April 24, 2021. The speaker of this workshop is Mr. Aadarsh Kant, Cyber Forensics Investigator and Penetration Tester. The objective is to investigate cyber attacks in independent and life-long learning in the broadest context of technological change through cyber crime investigation methods.

Glimpse of Workshop on "Cyberware Attacks & Its Mitigation"

Departmental Activities

- Department of Information Technology in association with Computer Society of India (CSI) organized Webinar on “Sustainable Solutions for Wireless Sensor Networks” on 7th February, 2021. This certified webinar is organized by CSI KJSIEIT and delivered by Mr. Shashank Karn, Program Analyst - TS at WNS Global Services. The objective of this webinars is to provide a proper source of knowledge to the students who wish to learn about wireless sensor networks.

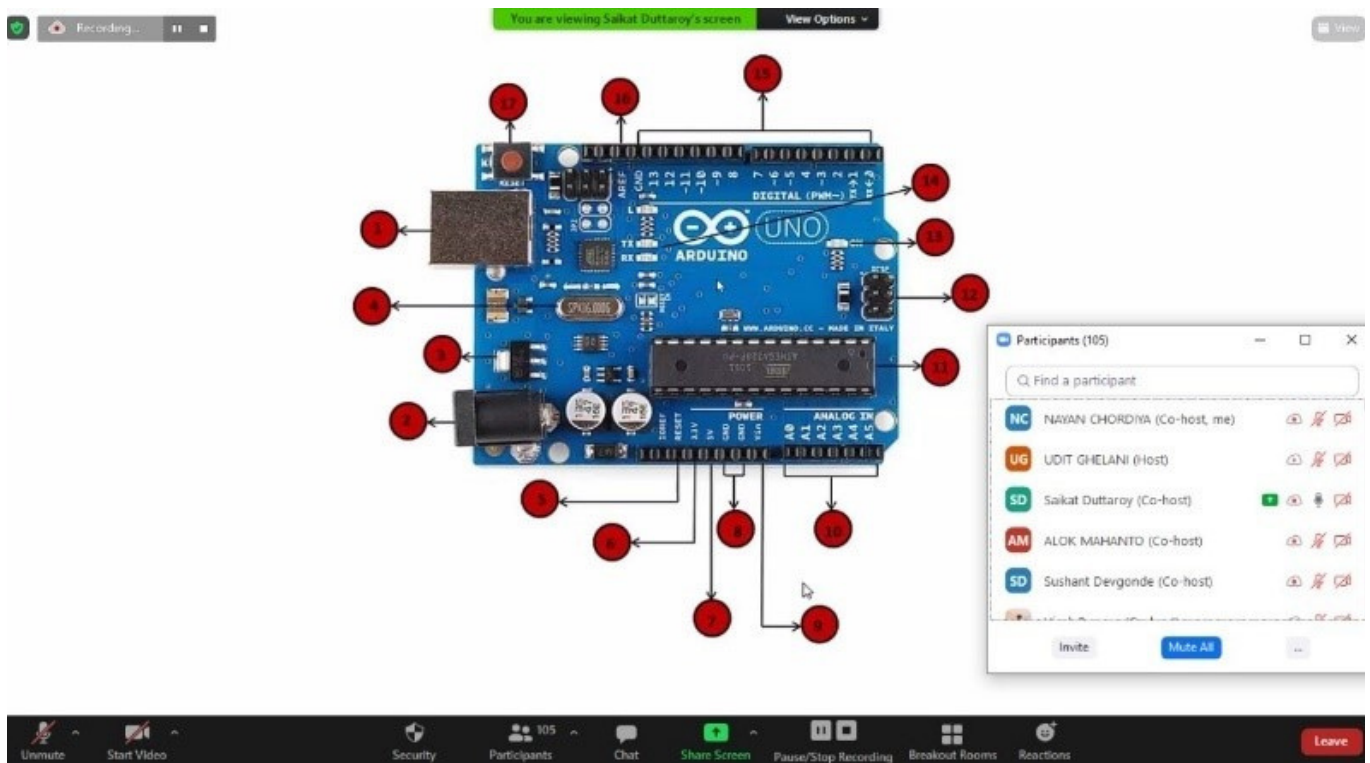

Webinar on “Sustainable Solutions for Wireless Sensor Networks”

The screenshot displays a Zoom webinar interface. The main stage features a blue background with the text "Wireless Sensor Networks" in large white font. A central graphic shows a laptop on a hexagonal platform, surrounded by network icons and data storage symbols. The top of the interface shows a header with participant names: Gitika Jha, Shashank karn, NAYAN CHO..., Vatsal Gandhi, and Sakshi Agrawal. A "Recording..." indicator is visible in the top left. On the right side, a sidebar lists participants, including "Waiting Room (1)" with HARDI PATEL and "In the Meeting (86)" with a list of names and their roles (e.g., Co-host, Host). A search bar at the top of the sidebar reads "Find a participant".

Departmental Activities

- Department of Information Technology in association with Computer Society of India (CSI) organized Workshop on "Know Your Hardware (Arduino)" on 25th February 2021. The speakers are Mr. Saikat Duttaroy, Mr. Sushant Devgonde, Mr. Vivek Parmar, Mr. Alok Mohanto. (B.E. ETRX). Objectives of this workshop is to provide insight to the students about IoT and usage of Arduino devices in a developmental manner.

Glimpse of Workshop on "Know Your Hardware (Arduino)"

Departmental Activities

- Department of Information Technology in association with Computer Society of India (CSI) organized Webinar on "An overview about Overseas Education after Graduation" on April 10, 2021. Resource persons was Mr. Banit Sawhney, Mr. Rahul Bhatt, Ms. Alisha Chhabra, MBA graduate. The objectives to be a useful webinar for students who are keen to secure admits to top universities for MS.

Webinar on "An overview about Overseas Education after Graduation"

The slide is titled "How is GRE Structured" and is divided into three main sections: Analytical Writing Assessment, Verbal Reasoning, and Quantitative Reasoning. It also includes a note about an unscored section.

Section	Duration	Questions	Score
Analytical Writing Assessment	30 minutes	1	0-6 Score
Verbal Reasoning	30 Minutes per section	20 Questions per section	130-170 Score
Quantitative Reasoning	35 Minutes per section	20 Questions per section	130-170 Score

One unscored section - Quantitative or Verbal
Randomly selected section, could be Math or Verbal

The slide displays a math problem: "The area of a triangle with vertices (a,a), (a+s), Column B : 4". Below the problem are four multiple-choice options: A>B, B>A, A=B, and Cannot be determined. A second, identical problem and options are shown below.

The area of a triangle with vertices (a,a), (a+s), Column B : 4

A>B

B>A

A=B

Cannot be determined

n is an integer, and $|2n + 7| \leq 10$. Quantity A : T and least possible values of n, Quantity B : 9

A>B

B>A

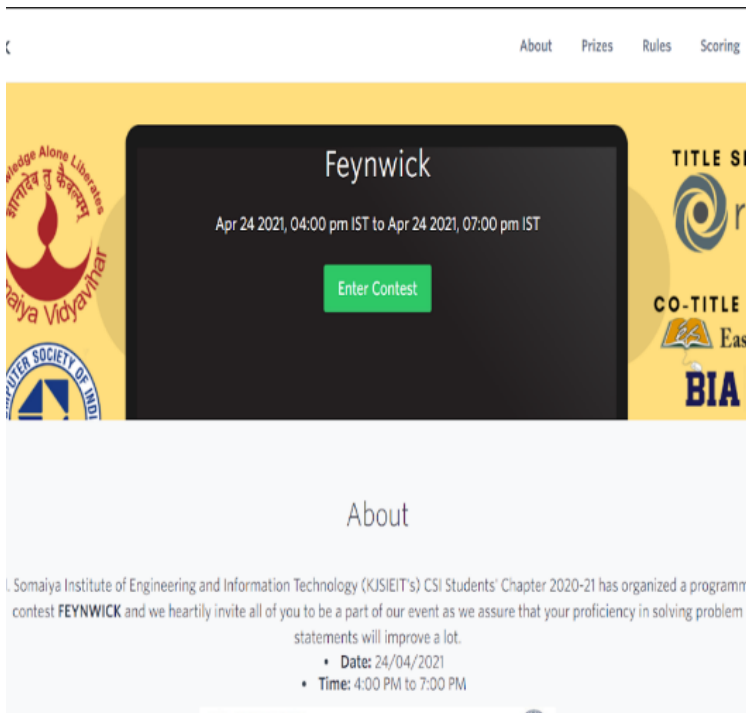

A=B

Cannot be determined

Departmental Activities

- Department of Information Technology in association with Computer Society of India (CSI) organized “Feynwick Coding Contest” on 24th April 2021. Objective is to promote competitive programming among like-minded students and create awareness among the beginners from our college and around the world. The contest also seeks to expose the current working team of the competition to various aspects such as marketing, publicity and problem setting.

Glimpse of “Feynwick Coding Contest”

Departmental Activities

- The Department of Information Technology of K. J. Somaiya Institute of Engineering and Information Technology (KJSIEIT) organized a Seminar on "Effective Approaches for Development of Innovative Projects" on April 26, 2021. Resource person was Ms. Anupriya Srivastava, Assistant Vice President, Ugam Solutions Private Limited, Mumbai, India. The objective is to understand the process of selecting innovative project ideas and development in industry.

Glimpse of Seminar on "Effective Approaches for Development of Innovative Projects"

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "Project" with a cartoon illustration of three men in a meeting. The cartoon panels contain the following text:

- Panel 1: "I THINK WE SHOULD BUILD AN SQL DATABASE."
- Panel 2: "DID HE MENTION WHAT HE SAID OR IS IT SOMETHING HE SAW IN A TRADE MAGAZINE AD?"
- Panel 3: "WHAT COLOR DO YOU WANT THAT DATABASE?"
- Panel 4: "I THINK YOU'VE HIT THE POST!"

Below the cartoon, a definition of a project is provided:

- A project is any undertaking, carried out individually or collaboratively and possibly involving research or design, that is carefully planned to **achieve a particular aim**

The Zoom interface includes a top bar with "Request control" and "Leave" buttons, a "Participants" list on the right, and a bottom toolbar with icons for +105, I, HB, RK, AS, and RL.

Departmental Activities

- The Department of Information Technology of K. J. Somaiya Institute of Engineering and Information Technology (KJSIEIT) organized a Guest lecture on “Problem analysis” on March 04, 2021. The resource person was Mr.Harshil Majithia, Senior Associate Consultant, Scrum Master at Infosys, Pune. The objective is to provide the awareness about problem analysis parameters and identifying, formulate the problem statement.

Glimpse of Seminar on “Problem analysis”

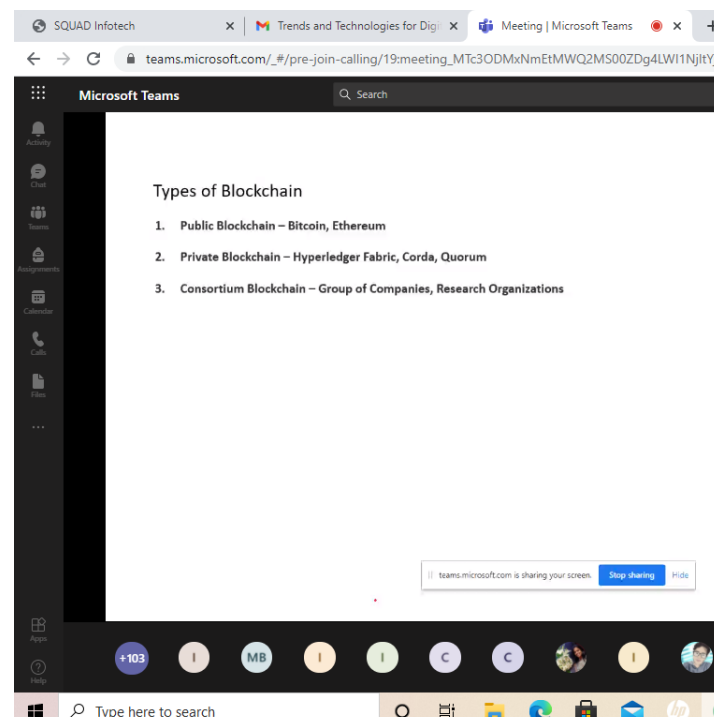

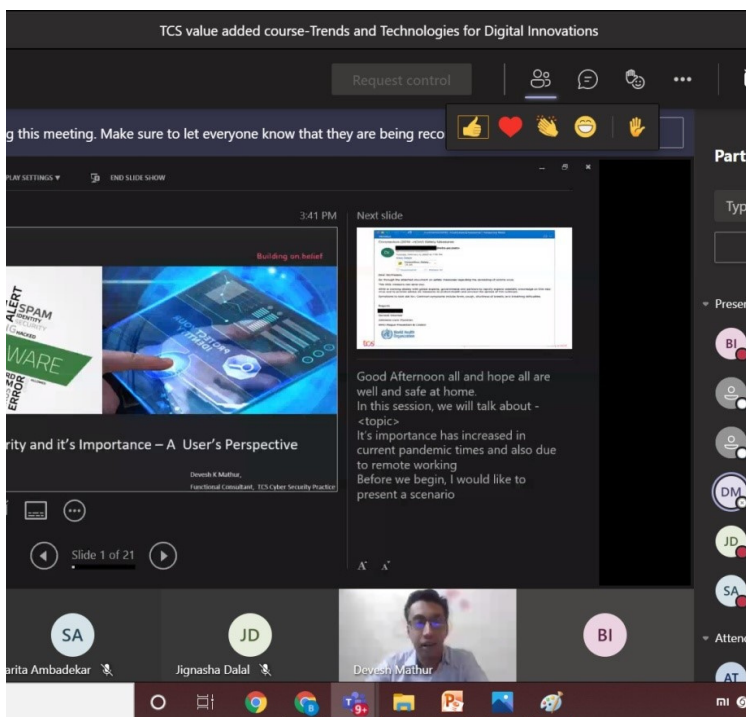

The screenshot displays a Zoom meeting interface. The main window shows a presentation slide for Harshil Anil Majithia, an alumni of KJSIEIT (2010-2014), who is a resident of Pune and works as a Scrum Master at Infosys in the DevOps Agile department. To the right, the 'Participants' panel lists several attendees, including Mohd Raza Ansari (On hold) and Vishal Khandekar (Suggestions: 2). The bottom of the screen shows a toolbar with icons for hand raise, chat, and other meeting controls.

Departmental Activities

- Information Technology department of K. J. Somaiya Institute of Engineering and Information Technology (KJSIEIT), Sion, in association with TCS Mumbai is organizing one week Webinar Series on Value added course "Trends and Technologies for Digital Innovation". The speakers are Mr. Gaurav Ghelani, Mr. Devesh Mathur, Saurabh Lohar, Vimal Chaubey and Prasad Ghag from TCS, Mumbai. The objectives is to make students familiar with recent digital trends and technologies in the industry with the understanding of the applications of digital technologies in real world scenario

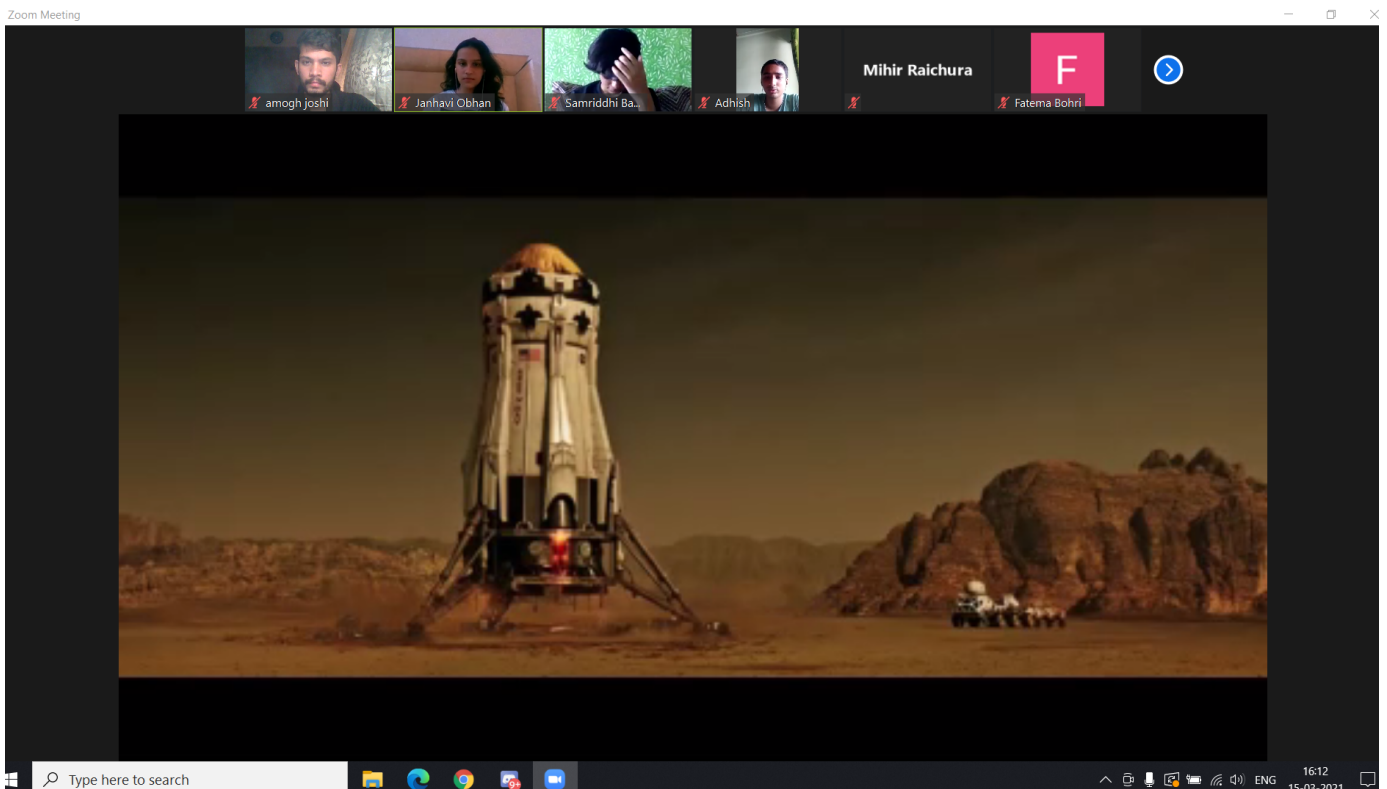

Glimpse webinar series on "Trends and Technologies for Digital Innovation"

Departmental Activities

- During technical festival 'Renaissance 2K21', students from the Department of Information technology organized the event "Treasure Hunt" as a representative of The Institution of Engineering and Technology on March 15, 2021. The objective is to educating participants in a fun and interesting way, about topics such as Space, Space Exploration, Encryption, Decryption through a gradual and immersive story told through the Treasure Hunt Hints.

Glimpse of Seminar on "Treasure Hunt"

Departmental Activities

- During technical festival 'Renaissance 2K21', students from the Department of Information technology organized the event "Among Us" on March 14, 2021. The objective is to let students play a team game fairly in an ethical and competitive environment and to build a skill to be technically sound in organizing and managing such events in online mode

Glimpse of Seminar on "Among Us"

Departmental Activities

- During technical festival 'Renaissance 2K21', students from the Department of Information technology organized the event "Creative Lockdown" on March 20th, 2021. The objective is to give an opportunity to students to get exposed to various forms of art and appreciate it bring out the hidden creative skill or talent of students.

Glimpse of Seminar on "Creative Lockdown"

[Promote](#)

Departmental Activities

- During technical festival 'Renaissance 2K21', students from the Department of Information technology organized the event "Merge It Up!" on March 20th, 2021. The objective is to inculcate a tendency to be fast and efficient in coding in the students and to make students aware of the principles and logic of coding.

Glimpse of Seminar on "Merge It Up!"

```
2 n = 4
3 coins = 0
4 max_value = n if n % 2 == 0 else n - 1
5 remaining = P
6 while remaining > max_value:
7     coins += 1
8     remaining -= max_value
9
10 while remaining > 0:
11     max_value -= 2
12     if remaining > max_value:
13         remaining -= max_value
14         coins += 1
15     if remaining == 1:
16         coins += 1
17     break

Departmental Activities

- Information technology department in association with Institution's Innovation Council organised a Seminar on "Roles and Responsibilities of Innovators towards Society" on April 30, 2021 at 6:00 PM. Resource person was Nisha Iyer, Cloud Support Associate - Big Data at Amazon Web Services (AWS), Herndon, Virginia, United States. The objective is to apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

Glimpse of Seminar on "Roles and Responsibilities of Innovators towards Society"

The screenshot shows a Microsoft Teams meeting interface. The main content is a presentation slide titled "Traditional Book-Worm Engineers". The slide lists several characteristics of traditional engineers:

- Equivalent to 4 Years of B.E ??
- Non-Innovative Engineers
- Limited Knowledge
- Hard Code Book-Worms
- No Challenges
- Study and Money
- 9a-5p Bud !
- No Contributions to Society
- Sometimes Bane Towards Society
- Need for Change
- Need for New-Thinkers and New Thought Process

The slide also features a photograph of a stack of books. The Teams interface includes a top navigation bar with "Request control" and "Leave" buttons, a toolbar with "Play", "Table", "Chart", "Text", "Shape", "Media", and "Comment" options, and a "Participants" panel on the right. The participants list shows Harsh Bhor as the Organizer and Nisha Iyer as a Guest, along with 86 attendees. The bottom of the screen shows the Windows taskbar with the search bar and various application icons.

Faculties Achievements and Activities

Faculty Name :

Dr. Radhika
Kotecha

- Participated in the 2nd International Conference on Data Science and Applications (ICDSA 2021) organized by the School of Mobile Computing and Communication, Jadavpur University, Kolkata, India and Soft Computing Research Society on April 10-11, 2021.

- Presented an article “Enhancing Monitoring in Online Exams using Artificial Intelligence” which is published in Scopus-indexed Springer Book Series “Lecture Notes in Networks and Systems”.

- Reviewer of Springer Nature Computer Science Journal with indexing in ACM DL, EBSCO Discovery Service, DBLP, etc. for the papers in the area of Artificial Intelligence.

Faculties Achivements and Activities

- Developed a “Digital Health Card” portal (version 3) with dynamic usage functionalities for the schools of Somaiya Trust. The portal is currently used by 04 schools in Maharashtra and Karnataka.
-

- Organized a Faculty Orientation Program (FOP) on behalf of the University of Mumbai for the course Operating Systems (ITC403) and Unix Lab (ITL402) for the Rev. 2019 Scheme Syllabus on February 02, 2021.

Faculty Name :

Prof. Uday

Rote

- Participated in the 11th IEEE 2021 International Conference on Computer Communication and Informatics (ICCCI - 2021), organized by the Shri Shakthi Institute of Engineering and Technology an autonomous Institution Chinniyampalayam Coimbatore INDIA on January 27 – 29, 2021.

- Presented a paper “Data Aggregation Approaches in WSNs” which is published in IEEE Xplore library (Scopus Indexed).

- Participated in AICTE approved STTP on “Leveraging Artificial Intelligence and Data Analytics for Healthcare” organised by K. J. Somaiya Institute of Engineering & Information Technology from January 04- 09, 2021.

Faculty Name :

Dr. Mansing
Rathod

- Paper accepted in March 2021 in IEEE 5th International Conference on Trends in Electronics and Informatics (ICOEI 2021) paper titled "Supermarket Shelf Monitoring Using ROS based Robot".
-
- participated in STTP on "Leveraging Artificial Intelligence and Data Analytics for Healthcare", sponsored by AICTE, Organized by Information Technology, KJSIEIT, Sion, Mumbai from January 4-9, 2021.

Faculty Name :

Dr. Hariram
Chavan

- Completed a one-week online STTP on “BLOCKCHAIN & IT’S APPLICATIONS” (Phase I) under the guidance of VESIT IQAC & VESIT IIC from March 29 to April 03, 2021.
-
- Reviewed papers of the 4th Biennial International Conference on Nascent Technologies in Engineering organized by Fr. C. Rodrigues Institute of Technology, Vashi, Navi Mumbai, (India) in its premises in association with IEEE & IAS on January 15-16, 2021.

Faculty Name :

Prof. Vijaya
Pinjarkar

- Participated in STTP on “Artificial Intelligence: Techniques and Applications”, Jointly organized by GUJCOST/ DST and Computer Engineering Department, Sardar Vallabhbhai Patel Institute of Technology Vasad, Gujarat during 5-9 April 2021.

- Participated in Webinar titled “NEP 2020: Engineering Education”, dated 13 March 2021, conducted by Internal Quality Assurance Cell (IQAC), (BHARATI VIDYAPEETH COLLEGE OF ENGINEERING, NAVI MUMBAI) BVCOE, Navi Mumbai.

- Participated in the National webinar on “National Education Policy 2020: A Vision for India's Higher Education System” held on February 26, 2021, at Govt. Women Engineering College, Ajmer in association with Dr. B. R. Ambedkar National Institute of Technology, Jalandhar.

Faculties Achievements and Activities

- Attended Workshop on “Technology Commercialisation” organized by Turnip Innovation and Facilitated by Prof. Man Singh, Dean, Central University of Gujrat, on 15th February 2021.
-

- Participated & completed successfully AICTE Training and Learning (ATAL) Academy Online FDP on "Sensors Technology" from 2021-2-8 to 2021-2-12 at North-Eastern Hill University.
-

- Participated & completed successfully AICTE Training and Learning (ATAL) Academy Online FDP on "Cyber Security" from 2021-2-1 to 2021-2-5 at Jawaharlal Nehru National College of Engineering.

Faculties Achievements and Activities

Faculty Name :

Prof.

Nasim Shah

- Mentor of 2nd Prize winning team in the “IDEATHON”- Idea Pitching Contest held on January 02, 2021 organized by Institution’s Innovation Council (IIC) at KJSIEIT.
-
- Interacted as reviewer for the 4th Biennial International Conference on Nascent Technologies in Engineering in association with IEEE & IAS organized by Fr. C. Rodrigues Institute of Technology, Vashi, Navi Mumbai, (India) during January 15-16, 2021.
-
- participated and successfully completed the Short-Term Training Program on “Leveraging Artificial Intelligence and Data Analytics for Healthcare” sponsored by AICTE under AQIS (2019-20) held during January 04-09 2021.

Faculties Achievements and Activities

- Attended Workshop on “Technology Commercialisation” organized by Turnip Innovation and Facilitated by Prof. Man Singh, Dean, Central University of Gujrat, on 15th February 2021.

- Participated Panel Discussion on “Innovations in S&T for sustainable Agricultural Development” on March 18, 2021 during Renaissance Technical Festival 2021 organized by KJSIEIT.

- Participated Panel Discussion on “Speech to Speech Translation” by the eminent speaker and Academicians Dr. Samudravijayin on March 16, 2021 during Renaissance Technical Festival 2021 organized by KJSIEIT.

Faculty Name :

Dr. Vaishali
Gaikwad

- Participated Panel Discussion on “Innovations in S&T for sustainable Agricultural Development” on March 18, 2021 during Renaissance Technical Festival 2021 organized by KJSIEIT.

- Attended one week AICTE sponsored STTP on “Blockchain & It’s Applications” organised by Vivekanand Education Society’s Institute of Technology, Chembur from April 26 to May 1, 2021.

- Attended one week FDP under TEQIP on “Modern Cryptography, Blockchain & IoT Security” organised by Rajiv Gandhi Proudyogiki Vishwavidyalaya, Bhopal from March 23 to 27, 2021.

- Reviewed papers for the Asian Journal of Research in Computer Science 2021.

Faculties Achivements and Activities

- Attended one week AICTE- ISTE refresher program on “Scope of IoT and its Applications in Automotive and Agricultural Industry” organised by Government College of Engineering and Research, Pune from March 22 to 27, 2021.
-
- Organized a “KJSIEIT-IET INTECH 2K21” National Level Project Competition in association with The Institution of Engineering and Technology, IET Mumbai LN on 17th April, 2021.

Faculty Name :

Prof. Prashant
Sawant

- Participated in "HPC WORKSHOP" organized by IIT Dharwad, IIT Palakkad, and the NSM Nodal Centre for Training in HPC and AI at IIT Madras on March 20 and 27, 2021.

Faculty Name :

Prof. Seema

Yadav

- Participated in One-week value-added course "Trends and Technologies for Digital Innovations" organized by the Department of Computer Engineering and Department of Information Technology in association with TCS from 26th April to 30th April 2021.

- Participated in One Week AICTE-ISTE Orientation/Refresher Program on "Scope of IOT and its applications in Automotive and Agricultural Industry-Phase II" from 22nd march to 27th March 2021.

- Attended five days' online workshop on "Data mining and Application "organized by Department of Computer Science &Engineering and Information Technology, IIIT Bhopal from 7th to 11th March 2021.

Faculties Achievements and Activities

- Reviewed two papers for the conference. IEEE International Conference on Communication, Information and Computing Technology (ICCICT-2021), Mumbai, India. Technically sponsored by IEEE Bombay section.
-
- Reviewed papers for the Asian Journal of Research in Computer Science 2021.

- All faculties of Information Technology Department participated in the webinar on “National Education Policy 2020” held on 4th March 2021 and organized by the Internal Quality Assurance Cell of K J Somaiya Institute of Engineering and Information Technology, Sion, Mumbai.

Students Achievements and Activities

- Students from Department of Information Technology Adnaan Lalani and Mustansir Kapasi secured the position of winner among 100+ participants in HACKTICKS Hackathon organized by LEO District 3231 A1 on March 19 to 21, 2021.

Portals for the institute

- Department of Information Technology has launched following portals for the institute.
- Event Management System (EMS): <https://ems.kjsieit.in/>

It is an integration of several solutions for Event Management on one unified platform. The system provides an end-to-end solution for event management, from planning to completion, and a post-event user interface for resource distribution. Specifically, EMS assists for the event planning, event publicity, automated certificate generation, event resource distribution, automated report generation, event summary retrieval, maintenance of event galleries, etc.

Glimpse of "Event Management System"

The screenshot shows the homepage of the Event Management System (EMS) portal. At the top, there is a navigation bar with the KJSIEIT logo and menu items: Home, Plan an Event, View Planned Events, Your Events, Summary, Gallery, Reports, Distribution Portal, and Log Out. The main content area features the K. J. Somaiya Institute of Engineering and Information Technology logo and name, along with accreditation details: Accredited with 'A' Grade by NAAC (3.21 CGPA), Three Programs Accredited by National Board of Accreditation, and Best College Award by University of Mumbai (Urban Region), ISTE (MH), CSI (Mumbai). The central heading is "Event Management System (EMS)" in large red font, with "Developed by Department of Information Technology" below it. At the bottom, there is a footer with the Somaiya Vidya Vihar logo, contact information, and social media icons for Facebook, Instagram, Twitter, and YouTube. The footer also includes the text "Owned By: K. J. Somaiya Institute of Engineering and Information Technology, Sion, Mumbai" and "Developed By: Department of Information Technology, Academic Year: 2019-2020".

Portals for the institute

- Student Information Management System (SIMS)

<https://www.kjsieit.in/sims/faculty/facultydash.php>

Student Information Management System (SIMS) is a multi-purpose platform for the department to operate daily activities. The System is designed in such a way that Faculties can complete their daily Student related work with ease. The Students can track their attendance, marks and information of various events daily. Also, parents can keep a record of their child's performance. Overall, this system has multiple uses with a very efficient and user-friendly interface.

Portals for the institute

- Notice Board:

Nowadays conveying messages at large using the traditional notice boards is time consuming and a very difficult task. The major drawback of attaching notices to these boards is, it is not flexible and cannot be located anywhere. To overcome this problem, we have developed an application which can be used to share notices among teachers and students easily and efficiently. This application consist of two part one for student where they can see notices and second one is for faculties where they can post notice on portal.
